**LinkedIn:**

<https://www.linkedin.com/in/eljoaosantiago/>

**Address:** Leça do Balio, Matosinhos

**Driver License:** A, B and B1

## EMPLOYMENT HISTORY

### Porto Editora

**FULLSTACK SOFTWARE ENGINEER, 02/03/2021 - 14/09/2022**

- Designed, built and maintained web applications with SQL Server, Java, Node.js. and React with Typescript.
- Efficiently deployed and integrated software engineered by team and updated integration/deployment scripts to improve continuous integration practices.
- Built innovative REST microservices and Web Services.
- Worked as an Agile team, having daily scrum and other important meetings during the sprints.
- As any other company who works with various and continuous projects we utilized version control softwares such as SVN and Git.
- **Internship mentor** - I mentored two students in their curricular internship in the company. I teach them some basics on working in a company as well as technical skills and best practices when it comes to coding and developing a project. Both of them develop different projects and my job was orienting them to do the best work possible. As a mentor I was thrilled when I known that both have got a grade of 18 in a scale of 0-20.

### ImagIT

**FOUNDER (FREELANCER), 11/2020 - 03/2021**

ImagIT was created by me and 2 colleagues and its main purpose was to grow to be a real company. As a service, we focused in graphic design projects, web development and social media management. We were also responsible for creating the image (Brand Identity) of the client or company.

### Visionware, Sistemas de Informação S.A.

**SOFTWARE ENGINEER TRAINEE, 24/03/2020 - 31/07/2020**

As an intern I developed some interactive and appealing dashboards to a cybersecurity platform that was being developed by the company. The objective of the project was to make the large amount of data generated by the machines, available in a simple and organized way. Thereby, possible errors and anomalies could be more easily prevented and resolved. The project was developed using ASP.NET Core, Elasticsearch and D3.js.

### Boavista Futebol Clube

**PUBLIC RELATIONS, 2015**

### Instituto Superior de Engenharia do Porto

**PROJECT MANAGER, 2016 - 2020**

Every semester, being a software engineering student, I carried out a project based on functionalities that can be adapted to reality, namely projects of programming in Java, JavaScript, C, .NET, Angular.js and other languages relevant to software development world. Each project carried out addressed a different theme, each of which was developed in a way that could be applied in the real world. These projects helped me gain a lot of experience and a correct work methodology.

# ACADEMIC HISTORY

## Instituto Superior de Engenharia do Porto

### MASTER'S DEGREE IN GRAPHIC SYSTEMS AND MULTIMEDIA - COMPUTER ENGINEERING

- (2020 - today)

## Instituto Superior de Engenharia do Porto

### BACHELOR'S DEGREE IN SOFTWARE ENGINEERING

- (2016 - 2020)

## Escola Superior de Enfermagem do Porto

### BACHELOR'S DEGREE IN NURSING

- (2015 - 2016). Only attended 1 year.

# TECHNICAL SKILLS

- Java EE
- Javascript and Typescript
- React
- Angular
- Node
- ASP.NET Core
- Assembly
- PL/SQL
- C
- C#
- Wordpress
- Git and SVN
- Agile methodology

# LANGUAGES

- **Portuguese** - Native language
- **English** - Intermediate level 2
- **Spanish** - Intermediate

# HOBBIES & INTERESTS

- Gym
- Reading
- Surfing
- Travelling

# TRANSVERSAL SKILLS

- Federated Sport Practice – Volleyball (2007 – 2015) at AASM – Associação Académica de S. Mamede where I became national champion four times and regional champion five times. In this sport I managed to develop my communication, teamwork, organization and time management skills.

- Gym - It is a perfect example of work ethic and consistency to achieve my goals.
